	<b>Examiner</b> Martin Lerner	<b>Art Unit</b> 2626	

**--The MAILING DATE of this communication appears on the cover sheet with the correspondence address --**

THE REPLY FILED 12 June 2006 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE.

1. ☒ The reply was filed after a final rejection, but prior to or on the same day as filing a Notice of Appeal. To avoid abandonment of this application, applicant must timely file one of the following replies: (1) an amendment, affidavit, or other evidence, which places the application in condition for allowance; (2) a Notice of Appeal (with appeal fee) in compliance with 37 CFR 41.31; or (3) a Request for Continued Examination (RCE) in compliance with 37 CFR 1.114. The reply must be filed within one of the following time periods:

- a) ☐ The period for reply expires \_\_\_\_\_ months from the mailing date of the final rejection.  
 b) ☒ The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of the final rejection.

Examiner Note: If box 1 is checked, check either box (a) or (b). ONLY CHECK BOX (b) WHEN THE FIRST REPLY WAS FILED WITHIN TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f).

Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

#### NOTICE OF APPEAL

2. ☐ The Notice of Appeal was filed on \_\_\_\_\_. A brief in compliance with 37 CFR 41.37 must be filed within two months of the date of filing the Notice of Appeal (37 CFR 41.37(a)), or any extension thereof (37 CFR 41.37(e)), to avoid dismissal of the appeal. Since a Notice of Appeal has been filed, any reply must be filed within the time period set forth in 37 CFR 41.37(a).

#### AMENDMENTS

3. ☐ The proposed amendment(s) filed after a final rejection, but prior to the date of filing a brief, will not be entered because  
 (a) ☐ They raise new issues that would require further consideration and/or search (see NOTE below);  
 (b) ☐ They raise the issue of new matter (see NOTE below);  
 (c) ☐ They are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or  
 (d) ☐ They present additional claims without canceling a corresponding number of finally rejected claims.

NOTE: \_\_\_\_\_. (See 37 CFR 1.116 and 41.33(a)).

4. ☐ The amendments are not in compliance with 37 CFR 1.121. See attached Notice of Non-Compliant Amendment (PTOL-324).

5. ☐ Applicant's reply has overcome the following rejection(s): \_\_\_\_\_.

6. ☐ Newly proposed or amended claim(s) \_\_\_\_\_ would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s).

7. ☒ For purposes of appeal, the proposed amendment(s): a) ☐ will not be entered, or b) ☒ will be entered and an explanation of how the new or amended claims would be rejected is provided below or appended.

The status of the claim(s) is (or will be) as follows:

Claim(s) allowed: \_\_\_\_\_.

Claim(s) objected to: \_\_\_\_\_.

Claim(s) rejected: 1 to 21, 23 to 30, and 32 to 40.

#### AFFIDAVIT OR OTHER EVIDENCE

8. ☐ The affidavit or other evidence filed after a final action, but before or on the date of filing a Notice of Appeal will not be entered because applicant failed to provide a showing of good and sufficient reasons why the affidavit or other evidence is necessary and was not earlier presented. See 37 CFR 1.116(e).

9. ☐ The affidavit or other evidence filed after the date of filing a Notice of Appeal, but prior to the date of filing a brief, will not be entered because the affidavit or other evidence failed to overcome all rejections under appeal and/or appellant fails to provide a showing of good and sufficient reasons why it is necessary and was not earlier presented. See 37 CFR 41.33(d)(1).

10. ☒ The affidavit or other evidence is entered. An explanation of the status of the claims after entry is below or attached.

Art Unit 2626

Ed Garcia called SPE David Hudspeth on 18 June 2006, and SPE Hudspeth requested that Examiner Martin Lerner consider the Affidavit, filed 15 June 2006, but denied entry in the Advisory Action mailed 27 June 2006, as the Affidavit did not raise new issues, and an RCE should not be required to have the Affidavit considered. Accordingly, the Affidavit filed 15 June 2006 is being entered, and is considered, but it is maintained that the Affidavit does not overcome the rejection of claims 1 to 21, 23 to 30, and 32 to 40, for the following reasons.

Fundamentally, the Affidavit of Stanley Foster does not overcome the new matter rejection because, even assuming that Goetter should be considered as part of Applicant's originally filed Specification though not incorporated by reference, it is not clear that Applicant's Specification supports all the claim limitations. Specifically, both the Affidavit and Applicant's Specification are weak in relation to passing a replacement reference "to the voice device without passing the data item" and "storing an association between the replacement reference and the messaging/collaboration server reference". The Affidavit of Stanley Foster does provide evidence that one skilled in the art would identify a GUID and a GUID reference number from Applicant's computer code. However, Applicant's claims present issues of new matter at least because the limitations go far beyond simply saying there are replacement references for the messaging/collaboration data. Applicant's claims further include steps relating to passing a replacement reference to a voice device and storing an association between the replacement reference and the messaging collaboration server reference. It is suggested that Applicant could overcome the new matter issues by broadening the claims to an extent where there are no elements relating to passing the replacement reference "to the voice device without passing the data item", nor elements relating to "storing an association between the replacement reference and the messaging/collaboration server reference" within independent claims 1 and 11. That is, it is understood that Applicant's Specification discloses passing only simple references for replacing actual referenced data on the server. However, independent claims 1 and 11 set forth considerably more than just passing simple references for replacing actual referenced data.
